A citizen proposed ballot issue can only appear on the 2014 general election ballot once the proposed language has fulfilled three requirements. First, the language must be submitted to Montana's Legislative Services Division. Second, the Montana Attorney General must conduct a legal review. Finally, after the review process is complete, and the sponsor has been notified by the Secretary of State of the approval or rejection of the ballot issue, the sponsor must collect sufficient verified signatures from qualified voters in Montana.

Initiative or referendum for the ballot - Signatures must be obtained from 5 percent of the total number of qualified voters in Montana, including 5 percent of the voters in each of 34 legislative house districts.

Constitutional amendment by initiative - Signatures must be obtained from 10 percent of the total number of qualified voters in Montana, including 10 percent of the voters in each of 40 legislative house districts.

If you observe and have concerns about questionable signature gathering, you may file a [complaint](#) with the Secretary of State, who will forward each complaint to the appropriate county official. See signature gathering information at http://sos.mt.gov/Elections/Ballot_Issues/index.asp.
